Restoration Coordination Program

Subject: Agenda Time for Restoration Coordination

We have invited members of the Integration Panel to attend the Policy Group meeting during the Restoration Coordination agenda item. The Integration Panel members have been invited because they can best answer questions regarding the basis for their funding recommendations.

Some of the Integration Panel members are nonagency members. For example we expect Serge Birk from Central Valley Water Users Association and Tim Ramirez from the Tuolumne River Preservation Trust. In addition, agency members from USFWS, State Lands Commission, CALFED will be attending.

To avoid nonagency members from waiting outside room 1131 until this agenda item is up--we have informed the Panel members that the Restoration Coordination item is scheduled for 1 pm or whenever the Policy Group reconvenes after lunch.

*Thank you  
for making  
this accommodation*
